BLIND WOMEN SCREAM; MAN CAPTURED IN ROOM

Inmates of Home Roused in Night and a
Rough Looking Character Held
as a Burglar.

The screams of two women inmates of the Home for the Adult Blind, at Thirty-sixth street and Telegraph avenue, aroused the other occupants of the home at 2:15 o'clock this morning, and resulted in the arrest of a rough-looking character, named Thomas Bayles, who is now being held at the police station, under suspicion of being a burglar. Bayles was found in the women's room, and the noise he made aroused them from their sleep.

The women screamed for help, announcing that a burglar had entered their room. They fled into the corridor of the home, and their screams attracted the authorities, and Policeman Degelman, who was passing by.

Bayles made no attempt to escape, but remained in the room until placed under arrest by Policeman Degelman. When asked what he was doing in the home at that hour of morning, the suspect stated that he could not account for his presence there, unless it was because he was drunk and did not know where he was going or what he was doing. He stoutly denies any intent to commit a crime. The police, however, are holding Bayles for thorough investigation into his record.

The room which was entered by Bales was occupied by Jenny Hughes and Elsie Bouveau, two blind girls. It is stated that as soon as the girls had recovered from their fright, they caught hold of Bales and held him until the arrival of the police, and other inmates of the home.

It is stated that Bales made an attempt to make his escape, but the two girls grappled with him, and he was prevented from leaving the building.

ARMED THUGS ROB TWO OF WATCHES AND MONEY

Two holdups that took place last night and early this morning have been reported to the police, and in each instance the victim was relieved of his valuables. The police were notified immediately of the robberies, but the footpads made good their escape before the arrival of the authorities.

Jean Nelson, residing at 433 Orchard street, was stopped by a stranger at Twenty-sixth street and Telegraph avenue about 10:30 o'clock last night. The man asked Nelson for the time, and as he was taking his watch from his pocket the footpad stuck a pistol in his face and told him to hold up his hands. Nelson obeyed the command and allowed the robber to search

his pockets. A gold watch and \$150 in coin were secured by the highwayman.

Two footpads accosted Walter Hill of 676 Seventeenth street at the corner of Seventeenth and Grove streets about 1:30 o'clock this morning and relieved him of \$15. Hill was made to throw up his hands, and while one robber covered him with a revolver the other went through his pockets. The victim was then made to proceed on his way and admonished not to make an outcry at the peril of his life.

But slight descriptions were obtained of the footpads by Hill and Nelson, and the police secured no clue as to the men's identity.

WOMAN BURGLAR ENTERS HOUSE; STEALS CLOTHES

An attempt to enter the home of Y. C. Fine of 1831 Grove street was made last night by a burglar, who started to remove the pane in the window of the rear door. The thief was evidently scared away, as Fine discovered this morning that only a portion of the putty about the window had been removed.

A burglar entered the home of R. E. Fletcher, at Seventh and Clay streets, last Saturday night, but secured nothing. Entrance to the Fletcher home was gained through a rear window, which was left open by the thief. The police were notified of the attempted burglary.

A shirt waist and a pair of shoes were at that a thief stole from the home of Kate McFarland at 671 Eighth street. The thief broke open and ransacked a trunk in the basement of the McFarland home, but just two articles of wearing apparel were taken. The police are inclined to believe that the theft was committed by a woman burglar.

The store of C. E. Wilkins at 354 Eleventh street was entered last night by a burglar, but nothing was stolen. The thief entered the place by a rear window.

PIRATES STEAL BOATS AND GOODS ON WHARVES

Pirates are now at work on the Oakland estuary and since Saturday two boats have been reported missing. It is also thought that the thieves have been instrumental in stealing many goods from the wharves along the waterfront, which have disappeared mysteriously.

A skiff belonging to Elmer Booth of 720 Sixteenth street was stolen from Taylor's boathouse at the foot of Webster street. The boat has not been recovered, but the local police have been notified of the theft.

A gasoline launch, the property of Frederick J. Bauer, of 1734 Blake street, Berkeley, was also stolen Saturday night from its mooring at the foot of Franklin street. The vessel was found in another place on the estuary yesterday, however. It is thought that the thieves took the boat and left it in another place, intending to get away with it last night.

WOMAN SEES THUG FLEE FROM PROSTRATE VICTIM

Mrs. John H. Gotte, of 979 Cypress street, has reported that she saw a hold attempt at robbery take place last night shortly after eight o'clock at Twelfth and Kirkham streets in West Oakland.

Mrs. Gotte had just alighted from a West Twelfth-street car, when a footpad fled down the street and left his intended victim lying prostrate on the ground.

The man who had been assaulted had evidently been struck by the butt end of a pistol. He was dazed and suffering from a severe scalp wound. He refused to divulge his name to pedestrians who offered assistance.

The footpad made good his escape, although he was followed for several blocks. Mrs. Gotte said in regard to the attack:

"I had just stepped off the car when I saw a man running down the street and near by was the prostrate form of a man who refused to divulge his name. A crowd soon gathered about and the victim of the robber stated that he believed he had been struck by the butt end of a pistol in the hands of a holdup man."

ON TRAIL OF THE GRAFTERS!

SAYS HENEY:

SAYS BURNS:

SAYS RUEF:

"BURNS HAS BEEN WORKING ON THE CASE SINCE MARCH 1st AND THE EVIDENCE IS COMPLETE."

"WE ARE HOT AFTER THE CROWD WHICH FOR SO MANY MONTHS HAS THROTTLED DECENCY IN SAN FRANCISCO."

"I CONSIDER THAT THE HENEY-BURNS INVESTIGATION IS THE BEST THING FOR SAN FRANCISCO THAT EVER HAPPENED. AS A CITIZEN OF THIS CITY, I WILL BE PLEASED TO GIVE THEM ANY ASSISTANCE IN MY POWER TO UNEARTH EVIDENCE OF MUNICIPAL GRAFT."

WILLIAM H. LANGDON,

MAYOR EUGENE E. SCHMITZ.

F. J. HENEY.

ABE RUEF.

U. S. SECRET SERVICE AGENT, WILLIAM J. BURNS.

No Guilty Man Shall Escape, Declares the Prosecution.

when Heney appears before the new grand jury with his evidence, and this may occur next week, as the call for the grand jury is returnable next Wednesday.

HIGH OFFICIALS IMPLICATED.
That some of the highest officials in the municipal administration are implicated in the charges of graft that will be brought by Heney, both he and Burns admit. It is also intimated by them that the city administration's political boss, Abe Ruef, will be called upon to defend himself against charges of graft.

One year ago Francis J. Heney declared that if he ever went after Ruef he would land him in the penitentiary, and today he feels that the public expects him to make good his declaration.

"Do you think that Ruef, or the officials of the municipal administration, have any idea of the evidence in your possession?" Heney was asked.

"No," he replied. "They have not the least suspicion of what we have discovered."

When asked if he expected the grand jury would return indictments upon the evidence furnished by Burns and his detectives, Heney dodged the question. He stated that he did not intend to try his case in the newspapers, and said he thought that if the nature of the evidence was published in advance it would not only interfere with his conduct of the case, but would seriously influence the public mind against the prosecution.

"There has been such a multitude of unproven charges published in certain

newspapers against Ruef and the city officials, that the public is inclined to discredit and discount charges of this nature now, unless they are substantiated by the most complete evidence. It is, of course, impossible for the prosecution in such cases as this to show its cards, and we can make no exception to this rule."

HOW BURNS WAS ENGAGED.

William J. Burns' services were first requested by Heney for the purpose of probing municipal corruption last November. At that time Heney went to Washington and consulted with Secretary Hitchcock with the view of securing a leave of absence for Burns to come to this city. Burns was engaged on several important cases for the government then, and his services could not be spared. In February last negotiations for the services of Burns were again entered into with Secretary Hitchcock by Heney, supported by Rudolph Spreckels, James D. Phelan and others. This time they were successful, and Burns came to San Francisco, reporting to Heney on March 1. Even at this time ample funds were available for the purpose of making the proposed investigations into municipal graft, and Burns had access to these funds. He engaged a staff of assistants, some of whom are said to have been the shrewdest private detectives in the West, and quietly went to work gathering evidence.

It is in just such investigations as that conducted here that Burns has won his greatest successes. All the clever devices for trapping bribe-givers

and bribe-takers, marking and tracing bribe money, and even following the money as it passes from hand to hand, and from bank account to bank account, which are familiar to secret service officers, have been used by Burns in his investigations, and the result has been so satisfactory that there seems but little more for the prosecution to do but take its case into court.

DOES NOT FEAR ANY EXODUS.

"Do you expect a wholesale exodus of municipal officials and grafters from San Francisco now?" Burns was asked.

"No; I do not think that anything of that kind will happen," replied the former secret service man.

Heney does not question the legal right of Ruef to take fees as an attorney for saloon-keepers and others of public repute, who wish him to appear before municipal bodies to secure licenses, but he does question that alleged action of the municipal authorities in instructing such applicants to go to Ruef and secure him for their attorney in such cases. It is this condition of affairs, which it is said has existed for a long time, that has, according to Heney, worked a great wrong on the community.

Concerning the selection of a grand jury, Heney and Burns are confident that a body of honest citizens will be secured, which will be free from any

NUMBER OF TRAVELERS REPORTED KILLED

Train En Route to
San Francisco
From New
Orleans Is
Derailed.

NEW ORLEANS,

Oct. 22.—The Sunset

Limited on the South-

ern Pacific, which left

New Orleans for

California at 11:55

a. m. today, was

wrecked near Boutte,

La., 25 miles from

New Orleans, this

afternoon. A num-

ber of people are

reported killed.

WOMAN HAS PURSE STOLEN

Mrs. A. Chamberlain, of 334 Wainwright avenue, was standing at the corner of Eighth street and Broadway Saturday afternoon, waiting for a car, when she was jostled by an unknown man who snatched her purse containing \$8 from her hand. Mrs. Chamberlain was carrying her hand in her arm and did not miss her purse until she boarded the car. She has reported the theft to the police.

Miss L. K. Steuck, of 376 Robert street, had a watch stolen from her Saturday afternoon, while she was in a store at 325 Eleventh street. The theft has been reported to the police.

N. J. Swenson, furniture dealer at Twelfth and Franklin streets, left two wooden rocking chairs on the sidewalk Saturday night and they were stolen.

MYSTERIOUS SHOTS KILL TWO; WOUND ONE.

COLE CAMP, Mo., Oct. 22.—While Alice Winemiller, a widow was sitting with her five children in her home seven miles from Warsaw last night, shots were fired through a window, and Mrs. Winemiller was instantly killed. Her son, aged fourteen years, was badly wounded. Felix Crawford, a neighbor, who heard the firing and hurried to the scene, was not shot, but two hours later, his son (J. A. Long), is charged with having done the shooting. A posse headed by the sheriff is scouring the Pettis county for Long.

DIPHTHERIA SEIZES FIFTY-TWO FAMILIES

WORCESTER, Mass., Oct. 22.—The most serious epidemic of diphtheria in this city since 1890 now exists. Fifty-two families are now in quarantine, affecting the attendance of fifteen schools. The disease is rampant.

BOOK AUCTION SALE.

We have received instructions to sell at public auction at 1077 Broadway at 11:30 a. m., a choice lot of books comprising rare law books, which include many English and American reports, some first editions of Blackstone's commentaries, etc. A complete set of the history and fiction and a large number of books over 100 years old. THREATENS TO KILL A SCORE OF PEOPLE, THEN SHOTS SELF ON CROWDED STREET

Having purchased a revolver and ammunition this morning, Victor Esworth, who claims he was a gunner in the United States navy, unwrapped the weapon from the paper in which it was placed by William Lancaster, of the firm of Lancaster & Lancaster, 109 San Pablo avenue, loaded the gun, covered the proprietor and then backed out of the store to the sidewalk, where he fired two shots into his body, both of which took effect.

Neither proving serious, Esworth sat down on the curb, and when a crowd gathered round he brandished the smoking pistol and asked those nearest to him if they wanted to be killed.

Esworth immediately became monarch of all he surveyed until Police Officer A. B. Smith rushed to the spot and disarmed the sailor.

Detective W. F. Kyle also appeared on the scene and they accompanied the attempted suicide to the Receiving hospital, where he insisted upon taking copious draughts of whiskey from a glass bottle found in his pocket, until he had drained the contents.

When placed on the operating table Esworth joked and laughed about his self-inflicted wounds, but would throw no light on his action other than to say that he did not mean to kill himself.

FAMOUS SLOOP GJOA GREETED

Thousands See Only Ship That
Ever Came Through North-
west Passage.

SAN FRANCISCO, Oct. 22.—Es-
corted by harbor craft of all kinds
and surrounded by a flotilla of white-
winged yachts, the staunch little ves-
sel Gjoa, bearing her captain and
crew, bore slowly up the harbor in tow
of the tug Albatross and was warped into
her berth at Mission bulkhead at 2
o'clock yesterday afternoon. The
warrior was black with the throng of
people anxious for a glimpse of the
now famous Arctic explorer, Captain
Rudolf Amundsen, and the vessel which
carried him through the frozen north-
ern seas and for the first time traced
out the long-sought Northwest passage
and located the north magnetic pole.
Yesterday marked the opening
of the formal demonstration of welcome
to Captain Amundsen and his crew by
the civilized world since their re-
turn from their history-making
voyage, and especially of the citizens
of San Francisco and the Norwegian-
American residents who have the pri-
mary in charge. The Gjoa arrived
here several days ago, but has been
anchored just inside the Gate near
Sausalito. Captain Amundsen arrived
several weeks ago by rail and has
been living in Oakland for some time.
His vessel being brought on to this
port by his first officer, Lieutenant
Godfrey Hansen of the Danish Royal
Navy.

The members of the general recep-
tion committee, composed of about 200
of the prominent citizens of the city,
both Norwegian and American, to-
gether with a large party of ladies
and invited guests, left the Washing-
ton-street wharf about 1 o'clock on
board the Government tug Vigilante,
Golden Gate and Sotomayo, and pro-
ceeded down the bay to where the
Gjoa was at anchor. Here the scene
was one that will be long remembered
by those who witnessed it. The
weather was ideal, with cloudless sky
and a good sailing breeze blowing.
Dozens of yachts, gasoline boats and
rowboats circled about the unlovely
and ice-scarred little vessel, their
crews firing salutes and cheering. As
the tug bearing the reception com-
mittee bore down upon the scene, the
Gjoa dipped her colors and was an-
swered in like manner, while the Ma-
rine Island band, on board the
Vigilante, struck up a favorite Nor-
wegian air—"Sons of Norway."
The Gjoa was then boarded by A.
Bjostad, secretary to the Norwegian
Consul; Consul Lyng, the Norwegian
representative at home; Gustave
Amundsen of Christiania, Norway;
Erik Rasmussen, personal friend of
Captain Amundsen; and Magnus
Andersen, the Norwegian pilot who
brought the Gjoa through the Golden
Gate last Friday, and who held her
helm as she came up the bay yester-
day.

POUIS JAMES' MANAGER TALKS OF FIGURE '35

"Last season I made a statement
relative to the strange significance
of the numeral three in recording the
important events in theatrical history,"
said Wallace Munro, general manager
for Louis James, who is here con-
summating arrangements for his star's
appearance in the "Merry Wives of
Windsor." "Well, in compiling data
for Mr. James' production this year,
I was astonished to note that by a
strange coincidence this same numeral
is conspicuously in evidence all
through the life and events of Shake-
speare."

"William Shakespeare was born
April 23, lived for fifty-three years,
wrote thirty-seven plays, and died
April 23."
"He went to London to establish a
residence there when he was 23 years
of age, but he only remained there
three years."
"He married Anne Hathaway, who
was the third daughter to whom he
was engaged, and was father to three
children—Susannah, Hamlet, and
Judith."
"His wife died in 1623 after an ill-
ness said to have been of thirty-three
days duration."
"His first published play was
"Titus Andronicus," in 1592."
"The first complete edition of his
plays was printed in 1623, the second
in 1632, and the third in 1663."
"His complete works, including Shake-
speare was issued in 1733 and Johnson's
in 1773."
"The patent granted by James I. at
Westminster in favor of players ac-
ting at the Swan Theatre, in London,
was issued to the company of Shakespeare
and bears the date of 1603."
"In 1613 this same theater was
burned down; thus the home of
Shakespearean drama was destroyed
with the inevitable three singularity
of evidence, and Queen Elizabeth, the
Protector of Art and Letters, died
when Shakespeare was 39 years of age."
"Mr. James, with characteristic
fidelity to the lucky three, affirms that
this is the time he has arranged in
"The Merry Wives of Windsor" the
first time as "Pistol" to the "Falstaff"
of the elder Hackett; the second time as
"Master Ford" to the "Falstaff" of Ben-
edict Bar, at Ford's Theater, Baltimore,
and now as the big fat, jolly Knight
of Windsor, "Falstaff."

HUGE STORM IS ABATED

Severe Blizzard That Swept Col-
orado Subsides Considerably
After Many Hours.

DENVER, Oct. 22.—The storm through-
out the mountain region, which began
here with rain Friday, changing to snow
on Saturday, subsided this morning. It
is said to have been one of the worst
storms in this vicinity since 1892. There
was more than a foot of snow on the
level and the melted snow measured one
and eight-tenths inches. The tempera-
ture generally fell to 20 degrees.
Locally but little damage was done.
Sheepmen in Wyoming, Colorado and
New Mexico, it is believed, will suffer
heavy losses, as they were unprepared
for such severe weather. There are hun-
dreds of tons of sugar beets and thou-
sands of barrels of apples still in the open
in the northern part of Colorado, and
should the cold continue the masses
will be very great to the ranches. Tele-
graphic service throughout the west is
badly hampered and trains indefinitely
late.
F. H. Brandenburg, head of the local
weather bureau, today furnished the fol-
lowing account of the storm and its cause:
"The crest of the semi-cyclone re-
mained for twenty-four hours over north-
western Wyoming, with the barometer low
in the southwest. This distribution of pres-
sure caused strong winds in Wyoming,
Colorado and northern New Mexico. With
the low temperature the precipitation
spread southward. The scope of the
storm included southern Wyoming, north-
western Colorado and northern New Mex-
ico. This condition remained steady for twenty-four
hours, but there came a change Sunday
which ought to cause a break in the
storm very shortly, though the low tem-
perature will probably remain until
Wednesday."

FUNERAL OF AUTO VICTIM

Largely Attended Services Held
in Livmore for Clarence
W. Beck.

LIVMORE, Oct. 22.—The funeral
of Clarence W. Beck, the young man
who met his death Thursday in an au-
tomobile accident near Oakland, was
held here Saturday afternoon and was
largely attended. The deceased was a
general favorite and his death caused
universal regret. The remains had
been brought here Friday on the 11
o'clock train and escorted to the fam-
ily home by Company I, of which he
was first lieutenant and one of the
charter members.

Services were conducted at the resi-
dence at 2 o'clock by Rev. James

NEWS FROM BERKELEY AND CITY OF ALAMEDA

INJURIES ARE QUITE SERIOUS

Harry Gilbert Thrown From a Wagon Suffering From Internal Hurts.

BERKELEY, Oct. 22.—Physicians attending Harry Gilbert, who was thrown out of a wagon which was struck by the local Southern Pacific train at Shattuck avenue and Derby street last Saturday night, find he is more seriously hurt than was at first supposed. He is suffering from a badly strained back and internal injuries. After the accident Gilbert was taken to the home of his father, Thomas Gilbert, 207 Reardon avenue. The horse Gilbert was driving was killed and he was dragged under the wagon for a distance of twenty feet.

RUGBY EMISSARY FORMS MORE TEAMS

BERKELEY, Oct. 22.—The high schools of Solano county and a large league of high schools in the southern part of the State, numbering a dozen or more institutions, have taken up Rugby as a result of the active campaign that has been waged for the athletic authorities of both California and Stanford.

TEACHERS AND PUPILS RESUME THEIR WORK

BERKELEY, Oct. 22.—After a week's rest from their books, pupils and teachers resumed their studies in Berkeley schools today. The vacation was the annual mid-term rest allowed by the Board of Education. Teachers and school children had a difficult time in securing their vacation, however, as the Board of Education, at a meeting held several weeks ago, voted not to allow it. They even voted against granting the rest of a signed petition had been presented to them, but changed their minds at a subsequent meeting and granted the request for the mid-term furlough.

LOVERS OF MUSIC AT GREEK THEATER

BERKELEY, Oct. 22.—Hundreds of music lovers gathered in the Greek theater yesterday afternoon to hear the half hour of music provided by Charles Dutton, the pianist.

PROGRESS CLUB MEETING

BERKELEY, Oct. 22.—The Social Progress Club of the University of California will meet in California hall at 8 o'clock this evening. A paper will be read, after which general discussion will be invited.

LARGE RALLY AT LIVERMORE

Republican Candidates Given a Rousing Reception in the Country Town.

At the call of William McDonald the monster Republican rally of Livermore was called to order last Saturday night in the Sweeney opera house, which was packed to overflowing. The speakers, who were given a rousing reception by the enthusiastic audience, included McDonald, who opened the rally with a regular down-country whoop for the entire ticket. He declared he was glad to "pull down" the group upon the platform. His remarks provoked much laughter and cheers from his hearers.

The first speaker, before the speaking began, rendered a campaign song which was loudly cheered. The first speaker to take the platform, after a glowing tribute had been paid to the State ticket and standard bearer by Mr. McDonald, was Joseph G. Fletcher, candidate for justice of the peace of the county.

REGENTS VISIT THE KEARNEY ESTATE

BERKELEY, Oct. 22.—Professor E. J. Wilkinson and a party of regents of the University of California left Saturday on a visit to the Kearney estate, which was recently bequeathed to the University for the use of the college of agriculture. The estate is valued at \$1,000,000, and Dennis Kearney, the "sand lot" legislator, who died in 1904, had intended to leave the estate to the University. A thorough inspection of the estate will be made and plans formulated for its use by the college of agriculture.

HEYER CLUB HOLDS RALLY AT ELMHURST

ELMHURST, Oct. 22.—One of the most enthusiastic gatherings ever held here was that of last Saturday evening, when the Charles Heyer Non-Partisan Club enjoyed a rally that was both political and social in its nature. Red Xian's hall, where the affair took place, was full to overflowing, and as the invitation to the club, together with an invitation to the Heyer, there was no little celebration all around.

Mr. Heyer is a candidate for supervisor from the Second district, and many encouraging words were spoken during the evening. Addresses were made by J. C. McConaughy, H. H. Brunk, W. H. Ruffacker, W. M. Clark, and Mr. Heyer.

FOOTBALL MEETING

BERKELEY, Oct. 22.—The Social Progress Club of the University of California will meet in California hall at 8 o'clock this evening. A paper will be read, after which general discussion will be invited.

MORAL INEBRIATE AND MAN WITHOUT A COUNTRY, DECLARES PASTOR, OF SCHMITZ SAYS RUEF HAS CORRUPTED GREATEST CITY IN WEST PEOPLE DELIBERATELY ELECTED A RING OF GRAFTERS

LOOTING IS ACTIVE TODAY

Rev. P. C. MacFarlane Scores the Administration of San Francisco.

ALAMEDA, Oct. 22.—In his sermon last evening, at the Christian Church, Rev. P. C. MacFarlane declared Mayor E. E. Schmitz of San Francisco to be corrupt. Mr. MacFarlane declared that should all the grafters on the San Francisco government be punished, San Francisco, within two years, would resemble a political rally in San Francisco at the present time. His scathing sermon dealt with the Ruef and Mayor Schmitz, saying that Ruef might as well be a politician as a politician.

"I find myself thinking of my theme tonight in three ways—the city that was, is, and is to be. First, that it was a prosperous city. In the second place, it might be noted that San Francisco was an open-handed city, a great, good-natured giant. Third, it might be observed that San Francisco was a naughty city, a wicked city. More wicked than Paris, some have said. More wicked than New York. How do we know New York has had a Parkhurst, a Lexow and a Jerome, and a Hughes, and a Riis, and a Steffens, and a Lawson, all dragging her skeletons into the public gaze. We know that she was as bad as every other American city of half a million souls, and whether worse or better than other cities, I will not attempt to say."

"Fourth, it might be noted that San Francisco was a corrupt city. Everybody knew, who cared to know, that the city government was honey-combed with graft. In days of unsavory memory, Boss Buckley had ruled the city to the shame of the American city ever so dyed in shame. In other cities the elections have been carried for the machine by terrorizing honest voters and driving them from the polls, and in this election of 1900, the issue was clearly drawn. On the one side was Mayor Schmitz and a corrupt officialdom, with the evidences of corruption in broken pavements and muddy streets, and in places of evil association flourishing in places under police protection."

"At the polls the candidate of corruption was overwhelmingly elected. No other American city ever so dyed in shame. In other cities the elections have been carried for the machine by terrorizing honest voters and driving them from the polls, and in this election of 1900, the issue was clearly drawn. On the one side was Mayor Schmitz and a corrupt officialdom, with the evidences of corruption in broken pavements and muddy streets, and in places of evil association flourishing in places under police protection."

REV. P. C. MACFARLANE, who scathingly arraigns Schmitz and Ruef from his pulpit.

chosen by a majority of the honest voters of San Francisco at the election of 1905. This may be said to rudely characterize the San Francisco that was—prosperous, amiable, corrupted, contented.

"To the seeing eye, San Francisco was never so great as when, with fearless eyes, she sat amid the ashes of her desolation. The city and the sins of her people had been purged as by fire. Had San Francisco sunk beneath the waves on the night of April 21 her end would have been a glorious one. It would have been a city of

Our Relations With Japan.

It is not at all surprising that the Japanese nation should resent the anti-Japanese sentiment which has been imprudently started and fostered, chiefly in San Francisco, for political reasons. The leading newspapers of the country are actively agitating the subject, and at a recent gathering of the most influential business men and bankers of Tokio the matter was fully discussed. While the Tokio government holds that the anti-Japanese sentiment in the United States is local, which is quite true, it has been compelled to take notice of it and to semi-officially explain the situation in order to pacify the people and avoid the declaration of any sentiment or the commission of any act which may call for governmental intervention and put in jeopardy the friendly relations existing between the two countries.

The people of Japan have taken cognizance of the American protest against the Japanese program in Manchuria, of John D. Rockefeller's attack on Japan's alleged commercial treachery, of Hawaii territory's Japanese exclusion policy, of Congressman Kahn's imprudent war threats against Japan, of the murder of a Japanese bank manager in San Francisco and the attempted murder of the cashier of the same institution, and of the exclusion of Japanese children from the public schools in San Francisco.

So far as the protest of American merchants against the Manchurian policy of Japan was concerned, the Japanese could afford to pay no attention to it, for they possessed such an advantage in the matter of proximity, occupation, control of ports and railroads and a perfect knowledge of the country and the people that they could safely count on a practical monopoly of the commerce of Southern Manchuria as well as Korea, without violating in letter or in spirit their pledge to maintain an open door. Rockefeller's accusation was wisely treated as the irresponsible utterance of an individual and the murderous attacks on the Japanese bankers were recognized to be merely the work of professional criminals with no political or racial significance. The war threats of Congressman Kahn uttered on the stump did not disturb Japanese equanimity, for the reason that they knew an election was approaching and that the bellicose expressions were used solely for the purpose of influencing votes. But Hawaii's industrial Japanese exclusion policy and San Francisco's exclusion of Japanese children from its public schools, are matters of more serious import, as they trench upon international policies and threaten to impair the friendly relations of the two governments.

It should be remembered that many of the Japanese children who have sought admission to the public schools of San Francisco have been born in that city and that their parents have been paying and are still paying taxes for educational purposes. They have, therefore, a legal right to have their children educated in the public schools which cannot be ignored on racial grounds. That has already been established in the case of Chinese children. That feature of the anti-Japanese agitation in San Francisco which is based on industrial grounds is visibly weakened, however, by the recent attitude of the same agitators toward the Chinese. In former years these agitators have loudly called for the expulsion of the Chinese from the city, maintaining that their quarters constituted a nursery of crime and vice, a menace to the public health, and was a municipal sore which needed to be eradicated by drastic methods. Since a conflagration did with San Francisco's Chinatown what the mouthings of professional agitators were unable to do, there is now a loud demand for the reconstruction and reoccupation of the "quarter." The political capital vested in "Chinatown" has been totally lost, so the professional agitators are turning their attention to the Japanese as a new political asset.

The United States and Japan were on the best of terms during the latter's recent war with Russia. This country's preservation of strict neutrality was highly appreciated by the Mikado and his subjects. Our commerce with Japan has been steadily increasing, as one of the direct results of the friendly spirit created during the war. It would be highly unfortunate should anything occur just now to disturb our commercial relations and divert the trade we have built up with Japan into other channels. San Francisco has profited most from this trade and it can little afford to lose it, particularly at the present juncture.

The recent exposures of the mismanagement of the funds manipulated by the San Francisco Relief Corporation has had the effect of causing the executive committee of the National Red Cross Association at Washington, which controls \$2,500,000 of the relief funds, to cut down very materially the estimates of the corporation's expenditures and to render a certified monthly statement of the disbursements of Red Cross funds.

The present extraordinary activity in the Oakland real estate market is simply the result of the recent discovery by persons who have money to invest that property on this side of the bay is worth a good deal more than what owners are asking for it. In other words, a reasonable estimate is now beginning to be put on Oakland property which has always been undervalued heretofore.

Although a fierce "norther" has swept over the State during the past three days, its disagreeable effects are nothing compared to the havoc to property and the injury to person which have accompanied a "northeaster's" visitation of the States of Utah and Colorado. The windstorm which has swept over these two States has covered a wide area and the destruction of property has been enormous.

DOESN'T LIKE THE SUNDAY PAPERS.

Alameda, Cal., Oct. 19, 1906.

Editor TRIBUNE:—I beg heartily to endorse the sentiments expressed in the letter "What A Newspaper Should Be," from L. A. Weich in tonight's paper.

Why should so much be printed that is not of general interest, as, for instance, full particulars of crimes, divorces, society news, etc.?

If only news of importance was given in concise language, and the sensational headlines left out, could not the size of the paper be very materially reduced, with benefits to all parties concerned?

What the Sunday edition of the TRIBUNE concerns—I have taken it since its beginning—but really I must confess that I like it as little as the San Francisco Sunday editions, and cannot understand why this addition was considered desirable by the management. If the modern newspaper has a mission to fulfill it should appeal more to the best that is in human nature, and should be a contributory force in upbuilding character.

Respectfully yours, B. W. BEGEER.

The Autumnal Equinoctial.

This is the time of the year, of course, when the autumnal equinoctial gales are due in the northern hemisphere. They are seemingly in evidence very strongly at present. The Gulf of Mexico and the Caribbean sea have just been swept by destructive hurricanes. Some of the Central American republics are experiencing terrific storms and the floods which they are creating are destroying much property and causing the loss of many lives. Great atmospheric commotion is reported through the Rocky mountain States, and the greater part of California is experiencing the unpleasant effects of one of the fiercest "norther" it has known in several years.

Probably the meteorological conditions existing in the Central American republic, in Utah and Colorado, and in this State are all directly related to the great storm which recently wrought so much havoc in Havana harbor and along the Cuban coast. Storms which have their birth in the Gulf of Mexico usually follow the eastern coast or pass up the Mississippi valley. But they invariably cover a great area of land and sea, carrying death and destruction with them. The advent of a "norther" here, instead of the regular equinoctial "souther," which is due this month, is not altogether welcome, because of its rasping desiccating effects. What this State wants at present is a thorough drenching. Possibly when the present "norther" exhausts itself we shall be greeted with a reversal of the aerial currents and be visited by a genuine southeastern autumnal equinoctial gale laden abundantly with moisture, of which the parched land is at present much in need.

Since the close of the Russian-Japanese war, several vessels have been lost in the Sea of Japan and in the Gulf of Pichili, through contact with floating mines which had been set adrift for the destruction of the warships of the belligerents and which were subsequently carried by the currents into the ocean paths of commerce. Three or four weeks ago a Russian merchantman was reported to have been foundered off Vladivostok by one of these vagrant agents of destruction, and now another vessel sailing under the same flag has been sunk by another mine of the same type, resulting in the loss of about 180 lives. Probably the international code can never be revised so as to prohibit the employment of such weapons in time of war, although they surely ought to be prohibited because of the menace they create to the commerce of neutral nations and the lives of those engaged in it.

FUTURE 'COPS' IN SWEAT-BOX

Thirty-five Applications to be Examined Saturday Morning.

Thirty-five more applicants for positions as police officers in this city will stand examination next Saturday morning at 9 o'clock in the council chambers at the city hall. Those who pass will be placed on the eligible list and from their number several will be appointed by the police commissioners to fill vacancies now existing in the force.

During these examinations more attention will be paid to physical fitness than has been the case in the past. The applicants will be given an oral test by Chief of Police Wilson and Captain of Police Peterson, who will ask questions concerning the men's ability to act in emergencies. An ordinance will soon come up before the city council providing for the appointment of twenty additional officers and the measure will probably be passed. In this event, men will be appointed from the eligible list.

WILL HOLD LAW AND ORDER MEETING

The following notice has been sent to residents of East Oakland: "Law and Order Meeting, Twenty-third Avenue Baptist church, East Oakland, Tuesday, 8 p. m., October 23, 1906. All persons, men and women, interested in good order and public safety throughout the city, and especially in the Seventh ward, are urged to be present. Not violence but united action for the public good is our object with full and free discussion. Future meetings in Thomas hall."

THIEF LIKES CIGARS AND CHEWING GUM

A burglar with a failing for cigars and chewing gum entered the store of C. A. Taglia at 19 Eighth street Saturday night and stole a quantity of the fragrant woods and nut-fruits. The lock on the gate which encloses the stand was broken and the thief gained entrance to the place in this way. The theft has been reported to the police.

FROM JAIL TO HONEYMOON.

An announcement of her marriage was made this morning by Annie King, who has been arrested times with number one drunkenness charges. She asked Acting Police Judge Smith for three hours to leave Oakland and return to her husband, who she says is Edwin Van. Annie was released and she thanked the judge profusely for allowing her to continue her honeymoon, claiming that she was married but a short time before her latest incarceration in the city bastille.

SKIN DISEASES FIERY ACIDS IN THE BLOOD

All skin diseases are due to the same cause—an excess of acid in the blood caused by faulty assimilation of food and poor bowel action; this fiery acid matter is forced to the surface through the pores and glands. Pustules are formed, discharging a sticky fluid which dries and makes a crust, causing intense itching. When the crusts or scabs are scratched off the skin is left raw and bleeding. Sometimes skin diseases are in the dry form, and bran-like scales come on the flesh, or the skin becomes hard and dry, often cracking, and the painful itching causes acute suffering. It does not matter how the trouble is manifested, the cause is the same—an excess of acid in the blood. Salves, powders, cooling washes, etc., while they relieve the itching and give the sufferer temporary comfort, cannot cure the trouble because they do not reach the acid laden blood. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable and one which acts directly on the blood with a cleansing, healing effect. S. S. S. neutralizes the acids, and purifies the blood so that the skin instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. Special book on Skin Diseases and any medical advice desired will be furnished without charge.

HURRICANE WORKS HAVOC

Vessels Destroyed, Buildings Damaged and Much Fruit Is Lost.

MOBILE, Ala., Oct. 22.—The first news of a terrible West Indian hurricane that visited the towns of Ruanan, Tela, Lulla, Colorado, and El Provenca, Honduras, on October 12, was brought here last night by the Norwegian steamer Harold, with a cargo of fruit. A number of vessels were wrecked, several destroyed and buildings in each of the towns mentioned were badly damaged. The loss to the owners of the fruit plantations will, it is stated, reach almost a million dollars. The British schooner Southern Queen was thrown on the beach at Ruanan and went to pieces in less than an hour's time, and the Harold suffered somewhat and will have to be docked. A tidal wave accompanied the hurricane and swept everything before it.

Captain Henriksen reports that when he left the beach he saw a large sailing vessel. No lives were reported lost at the time of the sailing of the Harold. Ten thousand bunches of bananas were reported swept into the sea at Ruanan. The officers of the steamer will be a month before some of the steamers will be able to get any fruit.

ONE BOY RETURNS ANOTHER IS MISSING

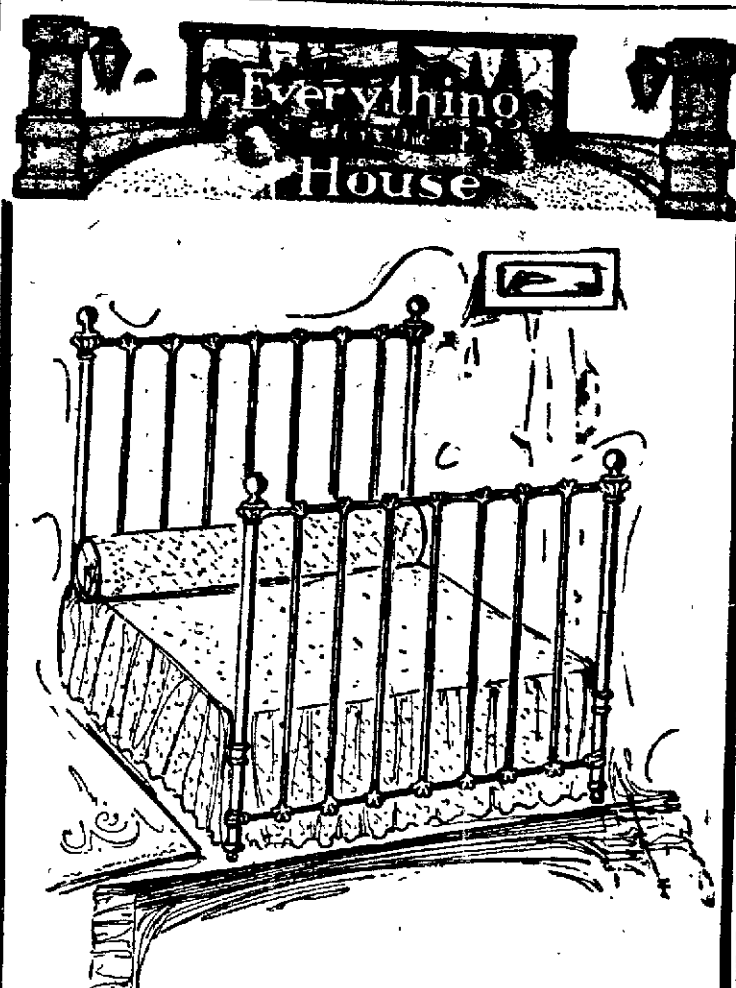

Stenter Venter, 11 years of age, is reported as missing from his home at 1110 East Fourteenth street. The lad's relatives have asked the police to locate the boy. Earl Hansen, the nine-year-old son of N. Hansen of 154 Eighth street, has returned to his home after an absence of a few days. Earl ran away last Wednesday and has been sleeping in a vacant barn on the shores of Lake Merritt. The night air was chilly, however, and Earl's longing for comfort and a tour of the world went a-glimmering.

WRONG MAN ACCUSED.

After the preliminary examination of L. W. White, a colored porter, before Police Judge Smith this morning, the defendant was discharged. White was accused by Patrick McCafferty of entering his room in the Pullman House in West Oakland, with intent to commit a burglary. The evidence showed, however, that White was not the man wanted for the theft.

CHIEF RECOVERS.

Chief of Police Wilson was at his desk again today, after recovering from the attack of pneumonia poisoning which he experienced last Friday. Both the chief and Mr. Wilson were poisoned by eating boiled ham. They were under the care of Dr. Shannon.

never thinks of his hair until there is little left to think about, nor his stomach until the lining is a missing quantity, but so long as the palate is intact I see no grave cause for alarm. It takes a good deal of hard usage to destroy the palate; doesn't it? Even a blase old sport with a cocktail breath and a hot-nail liver can extract a good deal of solid comfort from life, if his gastronomic tastes are not wholly eliminated. SOCIETY

SMART EVENTS OF THE WEEK

Number of Pleasant Affairs on the Social Calendar—Personals.

SMART EVENTS OF THE WEEK.

The informal afternoon at cards which Mrs. J. Loran Pease was planning for next Thursday, and also for Friday afternoon of this week, will have to be postponed, owing to the illness of the little son in the Pease household. This hostess has been giving a series of delightful affairs this winter, and the two in prospect will doubtless be as enjoyable as those preceding.

HOME WEDDING.

The marriage of Miss Edna Montgomery and Lieutenant Sturges will take place Wednesday afternoon at 4 o'clock. It is to be a home wedding and forty guests are bidden to the informal reception and ceremony which is to take place in the picturesque flat on Russian Hill.

Lieutenant Sturges will take his bride to New Mexico, where their future home is to be, and it is with regret that society here will lose the charming couple.

SEWING CLUB.

Miss Blanche Layman will entertain the members of a sewing club this week at her East Oakland home. A dozen guests will enjoy the informal luncheon and an hour afterward with the needles.

CHURCH-RICKARD.

The residence of the George McNears on Linden street will be the scene Wednesday of an interesting marriage when Miss Abba Church will become the bride of Edgar Rickard.

The marriage will be quietly solemnized in the presence of relatives and a few friends. Rev. Mr. Nash of Berkeley officiating.

The bride will be attended by Miss Elizabeth McNear, and Stanley Easton will act as best man.

The couple will go east on their honeymoon trip and return to make their home in this city.

AT LUNCHEON.

Mrs. Whiting, wife of Admiral Whiting, gave a pretty luncheon recently in honor of Mrs. Overbury, formerly Miss Emily Chickering. Among the dozen invited guests were Mrs. Allen Chickering, Mrs. Charles McCormick, Miss Maud Benson, Miss Fanny Pray, Miss Laura Farnsworth, Miss Katherine Kutz, Miss Eleanor Phelps and others.

WEDDING DATE.

The date for the marriage of Carl Schilling and Miss Genevieve Isaacs is

MRS. OVERBURY, nee Chickering, who has been honored guest at several informal affairs during her visit here.

set for January 2. The attractive bride will have two attendants, Miss Elsa Schilling and Miss Helen Gray, and the wedding will be one of the important midwinter society events.

The bride-elect will be the motif for much entertaining, and among the interesting affairs already planned in her honor is a dinner to be given by Miss Helen Gray at the home of her parents, the Harry Grays, on Green street, San Francisco.

AN ENGAGEMENT.

Mrs. Pauline Jacobson of San Francisco announces the engagement of her daughter, Emma, to C. G. Cooper of this city.

LUNCHEON GUESTS.

The luncheon at which Mrs. Dan Belden will entertain next Thursday is to be a pretty affair, planned in compliment to Miss Anita Oliver and Miss Lucretia Burnham.

Mrs. Belden will entertain at the Claremont Country club, and her guests will include Miss Anita Oliver,

Miss Carolyn Oliver, Miss Lucretia Burnham, Miss Ethel Valentine, Mrs. Roland Oliver, Miss Ruth Kales, Mrs. Bernard Miller, Miss Grace Sperry, Mrs. John Valentine, Mrs. John Waterhouse, Miss Ruth Knowles, Miss Alice Knowles, Mrs. Harry Farr, Mrs. Irving Lundborg, Miss Bessie Palmer, Miss Marian Walsh, Miss Lalla Wenzelburger, Mrs. George Chase, Miss Christie Taft, Mrs. Ernest Stent, Mrs. Hugh Goodfellow, Mrs. Challen Parker, Mrs. Walter Starr and Miss Helene Robson.

WEDDING DATE.

The wedding of Miss Beatrice Hughes of San Francisco and James Benson Roberts of this city will take place November 2, and will be an elaborate affair since both young people are popular in society here.

JONES-BLISS.

One of the events of the week was the marriage of Miss Gwendolyn Key Jones, daughter of Mrs. Flora Jones, to Luther Mott Bliss, son of Assemblyman and Mrs. J. A. Bliss, which took

HYPNOTIZED AT THEATER

Man Who Saw "Checkers" Has His Theory About Afflictions of Actress.

Miss Irene Zippy, the young and beautiful actress of the "Checkers" company, who is said to have lost her mind and who has been removed from the Roosevelt Hospital to the Roosevelt Hospital in Berkeley, has shown no improvement the last three days, and the outcome of her peculiar disease is beyond the knowledge of her physicians.

J. F. Hanna, a resident of Wawona, Mariposa county, has come to Oakland and has shown marked interest in the case of the young actress. He declares that he is confident that Miss Zippy is laboring under a hypnotic spell. He stated that he attended the performance of "Checkers" last Sunday evening, and while he was in the theater he felt a peculiar influence, and by the time the performance was over he was not capable of controlling his thoughts. He felt that he was governed by some mysterious power. Friday he recovered his equilibrium, and upon reading the papers he learned of Miss Zippy's condition and was impressed with the fact that the peculiar ailment befell Miss Zippy the same night that he was afflicted.

It was stated at the Roosevelt Hospital last evening that if Hanna called he would not be permitted to see Miss Zippy, as she is not in a condition to receive strangers. She was allowed yesterday morning to receive the members of the "Checkers" company and say good-by to them.

place yesterday afternoon at Trinity Episcopal church, on Telegraph avenue. The ceremony was marked by extreme simplicity and witnessed only by the members of the family and a few intimate friends. Miss Jones was a pretty bride in her exquisite imported gown of blue broadcloth and white picture hat. She carried a tiny prayer book bound in white vellum. There were no attendants. Following the service at the church there was an elaborate reception at the Jones home on Telegraph avenue.

GREENE-MURDOCH.

A quiet and pretty event of the past week was the marriage of Miss Jean Watson Greene of this city to P. Herbert Murdoch of Portland, Or. The ceremony was performed by the Rev. Charles R. Brown in the First Congregational church on Wednesday at 11 a. m. in the presence of witnesses only. After the ceremony the wedding party went to San Francisco, where a wedding breakfast was served at the Hotel Jefferson by friends of the bride.

Mrs. Murdoch, who has been connected with the offices of the Knights of the Maccabees for the past three years, has made a host of friends, whose best wishes follow the young couple to their new home in Portland, Or. Mr. Murdoch is engaged there in the real estate and brokerage business.

WASHBURN-DYER.

Mr. Fred Lockwood Washburn, formerly of Chicago, and Miss Nina Ingalls Dyer, daughter of Mr. and Mrs. E. H. Dyer, of Alvarado, were quietly married on the evening of October 20 at 94 Carl street, San Francisco, their future place of residence.

Those present at the ceremony were the near relatives of the two families and a few intimate friends.

"PIRATES OF PENZANCE."

Rehearsals are going on for the opera "Pirates of Penzance" to be presented Tuesday evening, October 30, at Ye Liberty Playhouse. The arrangements are in charge of Mrs. Henry Wetherbee and several other prominent society women. The proceeds will be devoted to charitable work and a success is assured.

Anson Hilton will direct the music, and Jeanette Edmundson Walker will act as stage manager.

The leading roles will be taken by Mrs. Thomas Nunan and Miss Camilla Southard. Mrs. Nunan will take the part of Mabel, while Miss Southard will play the part of Ruth. Both of these ladies took leading roles in the club's production of the opera "Pinafore" last year.

The following is the cast of the principals: Mabel, Mrs. Thomas Nunan; Ruth, Miss Camilla Southard; Edith, Miss Elaine Duhem; Kate, Miss Muriel Damon; Isabel, Miss Lolla Randall; Major-General Stanley, Sanford Bennett; Frederick, McCollough Graydon; Pirate King, Rufus H. Smith; Sergeant of Police, Frank Figue; Lieutenant of Pirates, E. C. White.

The patronesses are: Mrs. Oscar M. Long, Mrs. I. L. Requa, Mrs. George V. McNear, Mrs. T. L. Barker, Mrs. H. W. Bishop, Mrs. George H. Wheaton, Mrs. Edson Adams, Mrs. T. C. Coogan, Mrs. Thomas Crellin, Mrs. William Letts Oliver, Mrs. R. G. Brown, Mrs. William L. Shields, Mrs. C. M. Sadler, Mrs. G. M. Stof, Mrs. R. A. Wellman, Mrs. A. A. Moore, Mrs. A. L. Thomson, Miss Mollie Connors, Mrs. Roland L. Oliver, Mrs. E. B. Sanborn, Mrs. Valentine Hush, Mrs. Thomas Magee, Mrs. Robert Bain, Mrs. Frank C. Havens, Mrs. W. L. Goodfellow, Mrs. William C. Little, Mrs. Samuel Hubbard Sr.

SOCIETY NOTES.

Mr. and Mrs. W. H. Mills, with their charming daughters, will remain in Berkeley indefinitely, having leased their San Francisco home.

Mrs. A. M. Rosborough is thoroughly enjoying her trip abroad. She has spent several weeks in London, is in Switzerland at present and will visit the Italian lakes before settling in Rome for the winter.

OLD PIONEER PASSES AWAY

J. R. Brown, for 40 Years a Resident of This State Dies in Livermore.

J. R. Brown, a resident of California for over forty years and for the past several years manager and part owner of the Eureka tannery, East Oakland, passed away at the Livermore Sanitarium on Friday, October 19, at the age of 71 years. Kidney trouble was the immediate cause of death.

The deceased was a native of Pictou county, Nova Scotia, and for many years conducted a tanning business at Benicia, Solano county. After leaving there he was for several years manager of the Frank Tanning Company at Redwood City, after which he became associated with the firm of Brown & Adams, who own and operate the Eureka tannery in this city. A few months ago failing health compelled him to sell out his interest and he retired from active business.

The deceased leaves a widow, Annie R. Brown, and two daughters, Mrs. Luella Maushardt of San Francisco and Mrs. Elma Harkins of Pinole, Contra Costa county; also one brother, R. M. Brown of San Francisco. Mr. Brown was a member of the Odd Fellows, having joined the order in Benicia about forty years ago, of which lodge he was a member at the time of his death.

The funeral services were held from the undertaking parlors of E. James Finney, this city, yesterday, at 2 o'clock p. m. Rev. C. E. Relford, pastor of the First Congregational Church, officiated, and the order of Odd Fellows also held their beautiful ritualistic services at the grave in Mountain View Cemetery.

SAYS HE WAS STRUCK BY THUG FROM BACK

Fred Rose, a shoemaker, living at 1209 Magnolia street, was treated for an incised wound of the scalp last night by Steward Borchert at the Receiving Hospital. Rose claims that he was struck by an unknown man while crossing the corner of Third and Franklin streets. He said he was attacked from behind by a thug who struck him a terrific blow on the head, felling him to the ground. Dazed from the force of the blow, Rose staggered to his feet and yelled loudly because they use Postum Food Coffee. The footpad became frightened and ran away without securing anything from his victim.

STUCK TO IT.

For Years But Finally Had to Give Up Coffee.

Our habits of eating and drinking stick to us like a hungry pup to a bone. We can't always break loose even when we know we ought to.

Coffee does certainly hurt many persons, and they know it. But it is one thing to know and another to devise some way to change the habit and still have a warm beverage at meal time. Thousands of persons all over the world have found it easy to quit coffee because they use Postum Food Coffee.

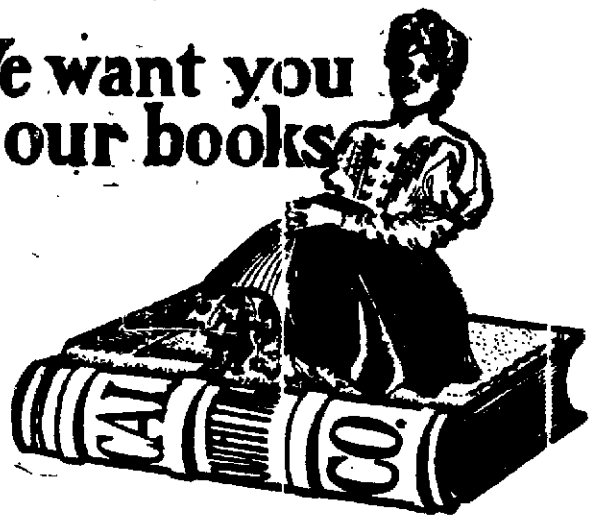

"For years I've felt the harm of drinking coffee," writes an Iowa woman, "but I liked it so well I stuck to it until about two years ago I quit coffee, and tea, too, and began to drink Postum."

"I made it, not like coffee, but boiled it according to directions on the package, and the first time we had it we all liked it. We have it now, morning, noon and night, and all feel healthier and happier for the change."

"I never have heartburn nor indigestion any more, though my husband and I used to suffer that way and with nervous headache a great deal of the time when we drank tea and coffee. We can't say enough in praise for Postum and for the good it has done us." Name given by Postum Co., Battle Creek, Mich.

WOMAN

"Woman" is the name of a new magazine for women. The first number is just issued. Your newsdealer has it. You can get it from him, and it is worth your while getting it. There is nothing startling about this magazine. There should be nothing startling about a decent magazine for women and the home. But this particular magazine is unique among all the so-called publications for women. You might not like it a little bit, and then, again, it might hit your fancy good and hard.

If you like fiction—good, wide-awake, snappy stories—both serials and short stories—you will like "Woman." In fact, fiction is the big feature of the magazine.

All the other magazines for women are cast on the same model—a little bit of fiction, a few articles, more or less chit chat, some wise advice, a fashion department and a smattering of general miscellany. "WOMAN" doesn't look any more like this conventional model than a yellow dog looks like a race horse. It is built on new lines for a strictly woman's publication. To know what it is like you will have to get a copy of it. It would cost too much to tell you all about it in this advertisement.

The price of "WOMAN" is TEN CENTS A COPY, and the magazine is a very big one—192 pages.

By the way, two rattling good serial stories begin in this first number and it contains a big lot of other good things. You would do well to ask your dealer for it before his supply is exhausted.

Second Contest Goes Eleven Innings Until Darkness Ends Struggle.

Oakland did not manage to win a game yesterday at Idara Park, but she finished the day by tying the afternoon contest. The second game went eleven innings, and at the close of the last spasm, Umpire Derrick put an end to it on account of darkness.

The Seattle made nine blunders in all, and had it not been for the superior work at the bat they would not have landed a single run.

It was better stick work that won the morning game for Seattle. The Siwashes clouted poor little Johnny Hopkins for a baker's dozen of hits, and these usually came at opportune moments, so that the northwesterners were not long in piling up five runs.

In the second game Johnny Kane poked one to center field that rolled under the fence and sent in three runs. There wasn't much hope for Oakland after that.

"AUTO HEART" HITS THE CITY OF PITTSBURGH

NEW YORK, Oct. 22.—The "auto heart" has struck Pittsburgh and the bluck has been a hard one. The hills of that city, mixed with the long stretches of boulevard, have presented a combination which could not be endured by the fast Pittsburgh millionaire who insists on getting to his office with the greatest speed and from it with greater speed.

State Senator William Flinn of Pittsburgh, one of the city's wealthiest contractors, a man worth at least \$15,000,000, has been the first victim of the auto heart.

His physician has ordered Senator Flinn not to enter his auto again under any circumstances. At the same time many other wealthy men who have become slaves to their autos are said to be showing signs of the "auto heart," and they must give up the sport.

No explanation of the auto heart has been made, save that the vibrations in an auto over the street are too much for the heart.

HOW M'GRAW SCORED THE UMPIRE

When the great New York mistake of barring Umpire Johnstone from the grounds was made it will be remembered that Bob Emslie, Johnstone's associate umpire, refused to enter and take charge of the game, thereby upsetting the crafty plans of Brush and McGraw. Emslie acted under orders in taking this stand, and the New York Club itself was responsible for the issuance of such orders. Earlier in the season Umpire Conway was working at the Polo grounds with another umpire. On the way off the field after a game McGraw said to Conway:

"This is your last day here, old boy. Don't ever show your face on these grounds again. If you attempt to get in here tomorrow you will find all gates barred, Skiddoo, 25, never again for you."

The innocent Mr. Conway took this order with all seriousness. He reported at once to President Pulliam. "I'm sorry," said he, "I've tried to do my best, but I can't make it go. Mr. McGraw has barred me from the Polo grounds, and it's all over."

THE LEAGUE CHIEF grinned as he proceeded to calm the feelings of the discouraged umpire.

"Who employs you, Mr. Conway?" he said. "Mr. McGraw? Does he pay your salary, give you your assignments and map out your course of action? Now, I want you to understand that you are an employee of the National League and not of the New York Club. Mr. McGraw has absolutely nothing to say as to when or where you are to perform your duties. Report at the Polo grounds this afternoon and work as usual."

The innocent umpire, who really thought that McGraw could bar him from the grounds, was greatly relieved. It was at this time that President Pulliam issued his instructions to umpires, making a judge of play who was barred from a game the sole authority over that game, and empowering him to forfeit the same, when order was carried out by Umpire Johnstone when he was shut out of the Polo grounds.

WEST OAKLAND CLUB'S FIGHTS PROMISE WELL

The six boxing contests to be held at the West Oakland Athletic club next Thursday evening, October 25, are causing a lot of fight talk among the sports around town. The card seems to be as good as any yet offered by the club, and no doubt, will satisfy the large crowd that the management expects to attend.

MAIN EVENT.

The main event, which is to bring together Kid Lafayette and Frank Gordon, is sure to be a hard fought contest, as both boys are willing and hard-hitting scrappers, and are sure to keep the spectators on their feet while they are at it.

Kid Lafayette is training at Golden Gate, and is getting into fine trim, as he boxes with Bob Ward every day, and says he will be there with the knockout this time.

Gordon is over at Goat Island getting into condition for this go, and has been promised a main event at Vallejo next month if he defeats Lafayette this time. He says he will surely win from the Sacramento boy.

SPECIAL BOUT.

Kid Frank and Jack Evans, who are to furnish one of the special events, are both training hard for their bout, and should put up one of the hardest fights of the evening.

Jimmy Erwin, who is to mix it with Young Gauley, showed what a good boy he is by easily stowing away Spider Joe Kane in one round at the California club's show the other evening. He mixed it with Kane right from the start, and the police had to stop the bout before it had been going two minutes.

Gauley is training at the West Oakland club, and will be in better condition for this go than any he has had so far, and promises that the police will not have to stop the fight to save him from getting beaten to death.

land club, and will be in better condition for this go than any he has had so far, and promises that the police will not have to stop the fight to save him from getting beaten to death.

CURTAIN-RAISER.

The curtain-raiser is to be between Kid Alameda and J. Martin. George Leahy is billed to mix it with Joe Ennis, and, as both these lads are able to hit hard, there is apt to be a knock-out in this go.

L. Johnson, the clever little lad who won from Eddie Martin a few nights ago, is to clash with Kid Shields, a willing mixer from the West Oakland club.

As all these contestants are evenly matched, the sports who attend should be able to get a run for their money.

The bouts will start at 8:30 sharp and will be rushed through as fast as possible.

VICTORY GOES TO ALAMEDA ELEVEN

BERKELEY, Oct. 22.—A drop-kick in the last half minute of the game won for the Alameda team by a score of 4 to 0 in the football contest Saturday between that team and the Berkeley High School eleven. The game was played at East Shore Park, at Stages, and was well attended by the supporters of both schools. The Berkeley High School band of twenty pieces played excellent music throughout the game.

From the start to the finish Berkeley's team played their best ball, but luck was with the Alameda aggregation and the drop-kick after a fumble proved Berkeley's undoing.

Both sides worked numerous trick plays. The quarter-back run and forward pass when worked very seldom lost yards. The punting of Berkeley was far superior to Alameda, and kicks of forty-five and fifty yards were frequently made.

VAMPIRES DO THINGS TO RIVALS

ALAMEDA, Oct. 22.—There was "nothing doing" for the Independents yesterday. They didn't have any more chance than the proverbial snowball when they went up against the Vampires at Croft's. The Vampires won the association football game by a score of 4 to 0, and they didn't halt.

It was a good game for all that, although it was only in practice. The regular football season will not open till the first of next month. The Independents, who usually play football, played a snappy, errorless game yesterday and defeated Portland 2 to 1.

GRANT ARRIVES TO ASSUME REINS

SUPERINTENDENT OF THE EMERYVILLE TRACK HOPEFUL

Declares Local Game Will Have Cream of the Eastern Racing Animals.

By LEE DEMIER.

Superintendent James Grant, who will have full charge of the Emeryville, Ingleside and Tanforan race tracks attired in the latest New York fashion and looking the picture of health stepped off the Overland last night, arriving direct from the great metropolis (New York). At Emeryville this morning he was surrounded by a host of friends who congratulated him for being the man selected to fill the position which the late Bill Fieldwick successfully held for so many years. After shaking hands with the many horsemen and employes now at the Emeryville track, he made his way to the secretary's office, where he was closeted with Percy Treat, secretary of the New California Jockey club, discussing the many details pertaining to his official duties as superintendent. After his interview with Mr. Treat he met his assistants, Mike Hayes and Tommie Halpin, and with them made a thorough survey of the track and was much pleased with the condition of the big enclosure. Speaking about the racing game at Emeryville this winter Mr. Grant said: "Why, we will have the cream of the best hand-cup horses that will leave New York for California to take part at Emeryville. Owner and Trainer Sam Hill-dreth, who has not raced on the coast for several years, alone will send out a large stable, including such well known stakes performers as Rapid Water, Security, Guileless Star, Logistilla, Teal, Roger, Lotus, King Cole and Gipsy King. This big racing enterprise will help to attract the biggest bettors to California. Among others who will ship horses from New York to Emeryville are Thomas H. Ryan, the Illinois breeder, with True, Wing, Down, Patrick and others.

"J. L. Holland and Frank Regan, with Colonel Jack, Oarsman, Klitter and nine others.

"J. M. Johnston—Rush, Columbia Girl and two others.

"W. Cahill—Yada, Melody and Andrew Mack.

"Shady and Fullum—Woodman, Friend, Celebration, Pasquella and others.

"Sandy McNaughton, who raced Fomper and other good ones at the old Bay District track, will come out with Vox Populi, Golden Wine, Arkilla and three yearlings.

"John T. Muir, brother of William Muir, who has the clever sprinters, Comedian, Ostich, Suffice, Russell T. Myrna and Music Box, will be here, and also many others."

Thomas H. Williams of the New California Jockey club, who has been in New York for the last three weeks in the interest of his club, left Chicago last night for California.

Sike Owner and Trainer W. B. Jennings took his departure from New York to California, his rider, L. Williams, has made a poor showing.

Jockey Jack Morton, accompanied by his valet, left New York for Canada the other day for a brief visit. Object, matrimony.

Doc Rowell at the present time has the best bunch of yearlings at Emeryville. They were given some fast work this morning.

Horsman and Caterer Jack Cronin's colors will be seen on the following horses at Emeryville this season: Byrone dale, John H. Sheehan, Isabellito and Jill, a half sister to Jillette.

Little Pete, well known as a plunger on the race track, beat \$8000 to win \$100 with Billy Beverly on Roeben the other day at Belmont Park.

Beaulere, the Salvador colt that chased Roeben last week in his record-breaking performance, was out Saturday again at Belmont Park and won the fourth race from a high-class field of two-year-olds. The race was a pie for the clever youngsters and he won as he pleased by two lengths.

Jockey Louque and his manager, Dan McIntyre are at Portland. It is said they will remain there until the fares are reduced.

Frank Rose, the well-known Emeryville caterer and politician, is on a vacation.

Hits for Opponents.

The Independents of St. Mary's presented a 7 to 0 package to the San Francisco Bulletin yesterday afternoon. Krause turned a slow ball stunt and fanned twelve, allowing only three hits. Not a Bulletin representative reached third base.

The Independents scored one run in the first frame. Thompson was passed to first and scored on Krause's two-sacker to deep left.

Their second run came in the third inning. Hooper touched Ballard for a two-base swat and Burns followed with a ripping single to right field.

In the eighth the ladies scored five runs on three bases on balls, two singles and the squeeze play.

The game was listless, but was played in very fast time, one hour and five minutes.

Thompson capped the fielding honors, perfectly accepting eleven chances and fanning in two of four double plays.

Hooper secured three hits out of four times at bat. The dope sheet:

ENGLISH SOCKER TEAM
TO COME OVER NEXT YEAR

Having completed their tour of the United States and Canada, during which they played in all seventeen matches against representative teams of the localities visited, the English team of "soccer" football experts, known as the Corinthians, has departed for home. Of the seventeen games played, fourteen were won by more or less large margins, two were drawn, at Seattle, Canada, Boston, and respectively, and only one, at Fall River, was lost, the New Englanders getting the verdict by 6 goals to 0. In a way, the tour ended rather disastrously at Fall River and Boston, with a defeat and a tie game, but Captain C. Wretford-Brown explained this partially. He said he was without the services of Corbett and Vassall, two of his stars in the forward line, and Thomas, one of the best tracks who had gone home by an earlier steamer, and, moreover, his team had begun to feel the effects of

FOOTBALL COACHES EAGERLY WATCHING
TO SEE EFFECT OF GAME'S NEW RULES

The football season has begun and the new rules are at last being used. Those playing them have studied out each sentence in order to grasp fully its meaning and to determine just what changes have been made from the old rules. Those who have heretofore been concerned in the strategy of the game, either through having been players or coaches or having followed the game intelligently during the last few years, have tried to form some idea of what the play will be under these new regulations.

The result to date is that speculation is great on what the coaches will evolve from the new situations. A number of the men who have been considered as leading strategists—coaches and rule makers—some time ago gave to the public their impressions of what the game would be.

But those were received with some skepticism. Every coach is desirous of knowing what each other coach is doing. While each is forming his own plans and using plays in the preliminary games with which he hopes to win, he is watching with much anxiety for news of what the other fellows are doing. All agree that most radical changes in style of play will be the rule. But what those changes will be not one will say.

What series of plays will Camp, Sager, Yost, Reid or any other of the great generals devise before the big contest? Careful reading of all the opinions volunteered or written from any of these authorities will be the most troublesome thing to handle, while others profess to believe that the restrictions placed on that

play will render it almost ineffectual. Others have pointed out that the rule which declares that a punted ball puts every player on side, the instant it touches the ground will prove more aggravating to the defense than any other. But not a coach, not a strategist, not a player, has ventured to outline any of the probable new plays that will be used. One not informed on what any one of the coaches will do cannot form the least opinion of what will be the final style of play adopted for his team.

Yale and Harvard experience the greatest difficulties. These two universities more than any of the others held to the mass play in making gains. They have to change their style almost entirely, but how no one can tell. At Princeton no such great changes have been necessary. The football authorities in that section should be able

called the "open" game. End runs, brilliant dashes through the line, goals from the field and spectacular work of all sorts has been encouraged. Since the days of George Woodruff, apostle of the guard-back, Pennsylvania has had no settled style, its various coaches using one style and another, according to the men at hand and the coach then in charge.

Dartmouth, which was held by many to have had the leading team last year, has inclined to varied play, as Folsom, who has been in charge, has believed in any kind of tactics that will win the games. He has shown a greater versatility in his handling of men than have any of the other eastern coaches.

USE PRINCETON STYLE.

In the middle west the play has been far more on the Princeton style of "open play," a system that should readily adapt itself to the new rules. The football authorities in that section should be able

to get more out of the changes than should those of the far east mass play school. But whether or no they will cannot be stated until after the season is under way.

One may be certain that some startling innovations will be shown before the close of the season. Few of these are likely to be exhibited in the earlier games, as each coach will continue to be, as he has been, trying to ascertain what the other fellows have in stock. If he can win his preliminary games by a fairly close adherence to older methods he will be extremely chary about "giving his hand away" by showing anything new.

Many have said that the whole season will be largely an experimental one. New plays will be tried in the rough, in the hope of having experience show how they may be best used to gain ground.

GIRLS TO PLAY
BASKET BALL
FOR CUPFIRST OF SERIES OF IN-
TERCLASS GAMES SET
FOR TOMORROW.Each Class Team to Play Every
Other One, Series Running
Into November.

BERKELEY, Oct. 22.—The first of the interclass games that are to be played by the women's basketball players of the University of California for the silver trophy cup that has been offered by the Women's Basketball Association, is scheduled to take place tomorrow on the Hearst Hall tanbark court.

Tomorrow's game will be between the senior and sophomore classes. Each one of the class teams is to play every other team and the winner is to be decided on a percentage basis.

The series will not be finished before the middle of November. Meanwhile the varsity players are practicing with the class teams, in order to keep in trim for the annual contest with Stanford next spring.

The prospects for a successful basketball season have never before been so bright as they are this term. The silver trophy cup, which will have the name of the winning class engraved upon it, is expected to be an incentive for new players, and the Girls' Basketball Association itself has almost doubled its membership.

Arrangements are now being made for practice games between the freshman team and teams from around the bay.

CORBETT SAYS
HE IS AFTER
GANS

NEW YORK, Oct. 22.—Young Corbett is on the trail of Joe Gans. Corbett says he has regained his old-time fighting powers and believes he stands an excellent chance of defeating the title-holder. He has issued a challenge offering to meet the colored wonder under any reasonable conditions. Corbett said:

"I know Gans is great, but from what I have heard about the fight with Nelson I think I would have a chance to beat him, as it is a chance worth taking. If I should win I'd be right on top at once. I'm always willing to gamble, and a fight with Gans looks like a good long shot to me, feeling as good as I do now. I would prefer Gans, and will offer to bet \$100,000 on myself and have the purse split 75-25, or any way he wants it. That's a good sporting proposition. The only thing I would demand would be a fight at 133 pounds ringside. If I can't get Gans I'll take Britt (preferred next to Gans), Nelson, Herrera or McGovern. I'd rather fight Britt, Herrera or Nelson, who have beaten me."

"I want a chance to even the score with all of them. If that Chelsea \$10,000 offer stands, with good money in sight, I'll meet McGovern first and wait for the others. They're still made for me."

PORTLAND TO
REWARD ITS
PLAYERS

PORTLAND, Oct. 22.—The project suggested a few days ago by Fred N. Bay to present the pennant-winning Beavers with some individual token of appreciation has been taken up, and will be fostered by the Commercial Club. The matter was called to the attention of Manager Tom Richardson, who is a loyal fan. After talking it over with a number of other fans in the club, Richardson took the matter up with the whole club, with the result that a committee, consisting of Sheriff Stevens, Fred Olsen, W. T. Fangle, William J. Peterson, Tom Richardson, Charles C. Stinger, C. E. Hickman, Dr. James C. Zan, A. D. Charlton, George Trowbridge, Fred N. Bay and Fred P. Baumgartner, was named to receive voluntary subscriptions for the purchase of some emblem of the baseball season's triumph.

"We hope to raise enough," said Mr. Bay, "to present each member of the Portland Club with some fitting little trophy to commemorate the winning of the first Pacific Coast League pennant by a local team. Other cities whose teams win pennants invariably respond generously to such movements. When Tacoma won the pennant in the Coast League, each one of the 'Tigers' was presented with a suit of clothes. Los Angeles fans gave their winning team trophies, as did Oakland."

"Little mementoes of this kind serve to establish a closer relationship between player and fan. The plan is to present the trophies to the boys as soon as they return from their present Southern trip, which closes the season of 1906."

WHICH DO YOU LIKE?

THE TRIBUNE would be glad to receive some expressions of opinion as to the relative merits of Rugby or American intercollegiate football.

Sir Thomas Lipton is considering the plan of offering a cup in order to stimulate the game and aid in its general adoption in the United States. What do you think of the plan, and of the two games themselves?

Address all communications to Sporting Editor, TRIBUNE.

Here are some views. Read them.

Oakland, Cal., Oct. 20, 1906.
Sporting Editor TRIBUNE,
Oakland, Cal.;

Dear Sir:—In regard to an article on the sporting page of THE TRIBUNE the other evening about Rugby or intercollegiate football, I think it would be as bad to fly an English flag in the United States as to have our colleges and schools and all teams play Rugby.

I am a follower of our game and I want to see it win out.
Sincerely yours,
A Reader of Your Great Paper.

THE FALL POET.

Sporting Editor TRIBUNE:—My idea of Rugby football is expressed in the following verse.

Yours truly,
AN OBSERVER.

There once was a Freshman called "Chuggy,"
Who played in a team that played Rugby.
Quoth he, "It's no game,
"But I play just the same,
"Because all the fellows can't slug me."

BOY SENDS BULLET
THROUGH HIS HAND

ALAMEDA, Oct. 22.—William Thompson, a fourteen-year-old boy, sent a shot from a 22-caliber rifle crashing into the palm of his left hand yesterday afternoon while hunting on the San Leandro marsh. The gun was accidentally discharged, and the accident may be only the forerunner of the usual fatality of duck season. The boy, residing at 1236 Willow street, Dr. J. Riley dressed the slight wound.

JUNIOR INJURED IN
FALL FROM LADDER

BERKELEY, Oct. 22.—William Fies, a junior in the University of California, who has worked his way through college by doing various kinds of work, was badly injured today by falling from a ladder on which he was standing while painting a house. Fies fractured his elbow and sustained internal injuries. The student was taken to the Roosevelt hospital, where he is now being cared for.

There is a Difference

In Mining Propositions

the world over. The best engineers, metallurgists, geologists, etc., cannot put the mineral in the ground if it is not there. How do we know it is there? It is well known that mineral outcrops are not always a sure indication of a "mine." By a MINE we mean large deposits of metal that carry commercially valuable contents: gold, silver, copper, lead or zinc, as the case may be. First, shafts or tunnels are driven to determine the extent and value. A number of these workings in a mineralized zone usually determine the course of the lode or vein, the nature of the deposit and the value. To illustrate: In the Eldorado and Searchlight districts, popularly termed "The camp without a failure," there are more than 40 of these shafts in ore, say 20 at Eldorado. The deeper workings invariably show a quality of ore termed sulphide, a white quartz carrying iron sulphide in many forms, some galena and sulphide of silver with gold. These workings demonstrate a mineralized zone more than three miles long and about one mile wide, fishured with well defined veins, widening in many places and showing these immense underlying deposits of sulphide that are now being worked. These ledges or veins of rich ore usually show the same features: a widening of the vein caused by cutting away (replacement) of the country rocks (porphyry, diorite and dolomite) by the acid solutions arising from deep-seated springs heavily charged with mineral. The proof of this condition may be seen in many shafts and underground workings. On these veins (there being several running parallel) the Silver Legion and Goodenough mines have extensive workings. Both have shipped valuable ores and are better properties today than ever before. The ores have run from \$20 and \$30 per ton to \$800 and as high as \$2000.

The Gold Legion has a half dozen of these ledges that prospect well in a dozen different workings; we have developed sulphide ores, similar to the other mines in two shafts. We expect to carry these preliminary workings (shafts, drifts and crosscuts) to immense deposits, indicated strongly by the number of veins and actual mineralized areas on the surface which are sufficient to warrant the absolute conviction we have that these deposits will make a BIG MINE. This view is also supported by the opinion of experienced mining men in the district and others who have had a wide practical knowledge of mining throughout California, Nevada and other States. (See our reports). The other properties in our district have all proven up well; they all have the sulphide ores, and we have in shaft No. 1 the same character of ore as the deepest mine in camp, more than 2000 feet below us. Every indication on the Gold Legion points to large deposits, and, taken in conjunction with the well-known characteristic of these veins, widening as depth is gained, besides increasing in value, and being deep-seated, we should have a great producing property based on every known quality of permanence, extent and value.

No more can be said of the best mines, except that they have actually blocked out the ores, than has been predicated of the Gold Legion. Our present development consists of about 150 feet of workings, all of which has proven up so satisfactory that it was decided to offer to the public the opportunity to subscribe to our treasury stock at the low price of 15 cents per share, the par value being \$1.00. We have good reasons for believing the San Francisco No. 1 claim alone has deposits of ore which should make our stock worth the par value when properly developed. And five other claims owned by this company have similar outcrops of ledges, carrying good values in gold and silver. One of our miners working in this ground stated there was "about fourteen mines on these claims." If we have one our stockholders will make money. Several prominent mining men have given the opinion these claims were as good as any in the camp, which is saying a great deal. The Wall Street took out \$700,000 from less than a hundred feet, and the Mountain mine has sent out a few weeks ago a shipment returning \$1400 per ton. The fire happened to shut off our working funds, but we will get to work again soon. One thing is sure: every dollar spent will get us more ore, and we do not think there is another property out there that will as surely make a great mine with the expenditure of the same amount of money. More, a great deal, was spent on the Mohawk at Goldfield, the big Tenopah of Nevada and a thousand other producers. True, some of these got shipping ores with little effort and little practical development; so may we on the Gold Legion strike ore of rich shipping grade at any stage of the work planned. But our success is not dependent on shipping ore. Large deposits of lower grade ores will make a larger dividend mine of more permanence than smaller shipping properties. This is proven in a hundred camps, and can be successfully demonstrated.

This is intended for a confidential talk; we do not wish our own convictions in regard to the Gold Legion to be misconstrued as promises of dividends—until we get them. We are faithfully describing the conditions we know to be correct, and what you can prove yourself by a visit to the camp. It may require four or five thousand dollars to block out 10,000 or 20,000 tons of ore worth, in profits, \$25,000 or \$50,000; but in our opinion this is the limit and the worst that can happen. We may just as certainly expect 100,000 tons of "pay" rock in those veins with future development, or any tonnage within reasonable limits. The Silver Legion has blocked out about \$700,000 worth of ore at an expense of \$3600 to \$3700, and much of this runs to values above \$300 per ton. This is in one shaft 165 feet deep on one vein. There is 3000 feet between the Silver Legion and the Gold Legion, and we have a vein on the San Francisco No. 1 claim of the same character, though it has not yet been determined as the Silver Legion vein. We have two other ledges also on this claim, one of which is an extension of the Goodenough ledge.

There is strong talk now at Searchlight of building a belt line electric road to Eldorado, which would be of great service to the mines. These two camps will celebrate "Railroad Day" in fitting manner on the completion of the Santa Fe branch, now in sight of Searchlight, when there will probably be 5000 people in camp. Special trains are to be put on and a reduced fare for the round trip. In fact, these two camps, for years struggling with the mining situation almost entirely as individuals and with little effort at promotion or attempt at interesting outside capital, now seem to be attracting the attention in the public eye their merits warrant.

The directors of the Gold Legion are using every legitimate effort to make these camps well known, and this advertising is being paid for by them personally. The point is, no money of our stockholders is going for this purpose. At the same time, an increased value in your holdings results indirectly. The directors of the Gold Legion are well known in Oakland, two of them old residents, in fact, and their modesty has heretofore deterred them from making this announcement.

Our advertising has had a good effect in making the company favorably known. We hope this will reach the eye of many of our stockholders and result in getting their friends interested. There is a line, probably not clearly understood, where a mining proposition becomes a certain of great results as any other form of investment. We think we have reached pretty close to that line. Anyway, we have this confidence, and if you can show us that we are not, we'll make you a present of a large block of stock. This is not intended for effect, understand. It is based on the fact that we have the ore in two shafts, and every dollar spent will give us more ore. If the bottom should literally drop out, we would not be more surprised than we should if the ore gave out entirely. It would be the first instance in the camp. The whole condition of the Eldorado mines indicates deep-seated sources of mineral and permanent values. The camp is just entering upon a period of activity, we believe, that will make it one of the greatest producing districts of Southern Nevada.

There is over 200,000 shares of Gold Legion stock subscribed for in San Francisco and Oakland before the property was deeded to the company. Since then there have been over 90,000 shares sold and final payments made for the ground, and all work paid for. All this stock is pooled until the mine is in producing shape. A substantial cabin has been erected, and tools and steel for a large working force purchased. Our offering of 10 cent stock was oversubscribed. When the work planned is carried out the stock should be worth 50 cents in open market. Stockholders own an interest in the ground itself based on their stock holdings. At the price 15 cents per share you are now getting more value in Gold Legion stocks than we believe is offered in any other stock on the market at 25 cents. Orders by mail or wire filled at the 15-cent rate, while the remaining portion lasts, which was ordered sold by the directors at this price. This price is subject to advance without notice. Monthly payments if desired.

BOASTED OF MURDERING

Girl Says Scanlin Killed Men to Get Money to Spend on Her.

SAN FRANCISCO, Oct. 22.—In the statement of Effie Corey, a refugee friend of Margerie Ryan, the police believe that they have the link of testimony in the chain that will send Ralph Scanlin to the gallows. According to this girl, Scanlin confessed, not only to the killing of Friede, but to the murder of Pitzer, the McAllister street merchant. The confession was made in the form of a boast by Margerie Ryan that Scanlin had been killing men to get money to spend upon her.

Locked in the office of the Park police station yesterday afternoon with Captains Duke and Martin, Margerie Ryan, Amy Fisher and Effie Corey were confronted. A scene intensely dramatic was enacted when, as Effie Corey said, "Margerie Ryan told me that Ralph Scanlin had confessed to her that he had murdered Friede and Pitzer, killed them both for their money, which he spent on her," the wayward sweetheart of the gauleiter suspect jumped to her feet and yelled out in a fury: "You're a liar, Effie Corey! You're a liar!" The Ryan girl's face was livid and she was a guilty stare. Captain Duke intervened and stopped a possible struggle which might have resulted in a wild assault by Margerie Ryan upon her accuser.

Margerie Ryan refused to admit the truth of the Corey girl's statement and was ordered by Captain Duke to be locked in solitary confinement until she consented to tell the truth. She knelt at the feet of the gauleiter suspect, who was being guarded by a police station, and will receive a daily "sweating" until the police are in possession of all she knows of Scanlin's crime.

TERRORS OF TIDAL WAVE

Citizen Reminded of Former Hurricane by the Recent Disaster.

Editor TRIBUNE:—The recent hurricane in Cuba and along the Florida coast leaving death and destruction along its pathway, brings to mind another storm, accompanied by a tidal wave, more awe-inspiring than this one. Maury's Physical Geography gives the following brief account of it: "Our nautical books tell us of a storm which forced the Gulf Stream back into the Gulf and piled up the water to the height of thirty feet. The Ledyard attempted to ride it out. When it abated she found herself high up on dry land and anchor among the tree tops of Elliott's Key."

The Florida keys are inundated many feet and it is said the scene presented in the Gulf Stream on that occasion was never surpassed in awful sublimity.

"The waters dammed up rushed out with wonderful velocity against the fur of the gale, producing a sea that beggared description." In the published account of the recent storm it is said that the captain of a steamer which carried workmen and supplies to the extension of the Florida East Coast railway, under construction between Miami and Key West, pulled out of a safe harbor in land-locked Biscayne Bay in the face of danger signals displayed along the coast by the weather bureau at Washington. More than half of the 100 men on board were drowned, although he took refuge on the lee side of Elliott's Key.

The construction of a railroad from mainland Florida to Key West, 154 miles, will be exposed to the fury of storms that may wreck the steel bridges and viaducts that measure 15,000 feet between keys in many places.

Our restless American spirit that never halts for any supposedly "insurmountable" object often comes under the ban of the sober sentiment that "fools rush in where angels fear to tread."

FRENCH BANKS NOT TO INCREASE RATES.

PARIS, Oct. 22.—The leading French financiers are keenly watching the monetary situation abroad. The money situation in France is fairly good and the French bank will not have French interest by raising its discount rates. At the same time it is considered that the Bank of France might make a moderate loan of gold to the Bank of England to relieve the conditions there. It would be asserted, resist withdrawals of gold for America. A prominent international banker expressed the opinion that the Associated Press today that the United States could not get much more gold here as the bank would block and intentions in that direction, no by raising the discount rate, but by exchanging its option to pay in silver.

TRAGEDIES IN THE MONEY WORLD

NEW YORK, Oct. 22.—The failure of J. W. Henning, an operator on the New York Stock Exchange, was announced on the floor of the exchange today. Henning was a large trader on the exchange. It is said he suffered losses in Chicago, Milwaukee & St. Paul stock in April last.

BANKER LIES BEFORE TRAIN

LONDON, Oct. 22.—P. MacFayden, head of MacFayden Bankers, whose suspension was announced Saturday, committed suicide within an hour after posting the notice of the failure on the door of the bank by throwing himself before a train in a tunnel half a mile away from his place of business.

Mr. MacFayden appears to have gone direct from his bank to a station of the City and South London railway, to have entered the tunnel unobserved and deliberately lain down in front of an approaching train.

The engineer reported having run over an obstruction in the tunnel and a search revealed a shockingly mutilated body, which today was identified as that of Mr. MacFayden.

It is rumored that the failure of P. MacFayden & Company, the London house of Arabuthnot & Company, bankers of MacFayden, was connected with the cotton market, but as Mr. MacFayden was the sole partner in Europe it is difficult to obtain information on the subject.

HAY IS DELIVERED VERY SPARINGLY

Arrivals of hay for the week just past are 4507 tons.

A large proportion of the above amount was not offered on the market.

The railroad has been bringing hay into the city very sparingly. While they have as yet placed no embargo on the hay, yet they are furnishing very few cars and even after the hay is loaded at the shipping points, it is most unusually delayed on the way.

The demand for hay continues very active here in the city and at even some interior points there is quite an inquiry. The entire situation is strong, both in the country and here in the city.

Fancy wheat hay readily commands \$20, but of this special variety there has not been very much coming in.

It is not known, as yet, whether the \$5000 ton order for hay for shipment to the Philippine Islands will be placed in San Francisco or not, but it is strongly expected that the order will come to this market.

Death and Failures in Race for Millions

NEW YORK BANKERS TAKE HOPEFUL VIEW

NEW YORK, Oct. 22.—Wherever brokers and financiers met yesterday, chiefly in clubs like the Union, Metropolitan and Union League, what amounted practically to informal conferences on the monetary situation took place. Bankers generally expressed hopeful views as to the outcome of the present money situation.

The cable reports that the Bank of England contemplated a further increase of the discount rate from 6 to 7 per cent if we continue to drain the bank's gold resources, were not regarded with concern, judging from interviews on the subject obtained by the New York Times.

President Van Norden of the Van Norden Trust Co., said "Of course the conditions that now face gold-brokers in London will affect us considerably, but I do not see any reason for fearing trouble. The finances for our crop moving have been pretty well supplied already and the American markets will soon adjust themselves to the new conditions."

A. Barton Hepburn, president of the Chase National Bank, took an optimistic view. He was unable, he said, to recall a time when there were "fewer clouds upon the horizon."

"From a banking point of view the situation is excellent," said Mr. Hepburn. "No legitimate business need fear depression. A few operators may have trouble on renewing their loans as they would like to, but as for any general lowering of credit or financial storm I think it impossible."

President William Nash, of the Corn Exchange Bank, said: "The raising of interest rates by the Bank of England will not affect this country to any extent. We have plenty of money."

BLANKET OF SNOW.

DULUTH, Minn., Oct. 22.—A blanket of heavy snow, six inches or more, fell last night in northeastern Minnesota, covering the Vermilion and Mesaba ranges and extending as far west as Fosston.

SAN FRANCISCO WHEAT.

SAN FRANCISCO, Oct. 22.—Wheat December, \$1.25; May, \$1.14; cash, \$1.25.

Barley strong, December, \$1.10; May, \$1.14; cash, \$1.09.

Corn quiet. Large yellow, \$1.35; small, \$1.30.

GOLD SHIP IS LONG OVERDUE IN GOTHAM

NEW YORK, Oct. 22.—A London despatch to the Times says there is considerable anxiety there concerning the British steamer Arabistia, bound from Buenos Ayres for New York with 600,000 pounds sterling in gold. She left Buenos Ayres on September 23d and it is reckoned she must have been in the region disturbed by the recent West Indian hurricane. Five per cent per pound sterling was paid Saturday for reinsurance on the gold.

VIGOROUS RALLY IN NEW YORK PRICES.

NEW YORK, Oct. 22.—Vigorous increases on Saturday's prices marked the opening dealings on the stock exchange. The strength of the London market helped to this result and rumors from abroad pointed to a large loan of gold by the Bank of France to the Bank of England. The strongest rallies were in stocks which suffered most in Saturday's break. Sales of 2500 shares of Union Pacific were made at 133 and 137 1/2.

Call money fell back to 6 per cent after opening at 7, Friday's highest rate. New buyers ordered the market after a period of hesitation and prices were carried to a substantial higher level. The selling to realize, only a slight impression was made on prices by the selling, and the market subsequently went considerably higher than at the opening.

Fullman jumped 5 points, Anaconda, Reading 2 1/2, St. Paul 2 1/2, Dis. Union Pacific, Great Northern, 2 1/2, Smelting and Canadian Pacific 1 1/2, Colorado Fuel and Cotton Oil 1 1/2, and Ontario Western, Atlantic Coast Line, United States Steel, Pressed Steel Car and Locomotive 1.

KILLED WITH HIS OWN GUN

William Rankin Victim of Accident While Hunting With a Friend.

Tragic death, the result of his own carelessness, was the fate yesterday of William Rankin, a young plumber, residing with his parents at 1863 Grove street. He was killed by a shot from his own gun. Rankin had been on a hunting trip through Wildcat Canyon, in the Contra Costa hills. He was in company with F. S. Bettencourt, and the two men had a cart, in which the weapons were taken to Oakland when the fatality occurred. Rankin had climbed into the cart and was holding his gun, from which he had carelessly neglected to withdraw the cartridges, between his knees. Bettencourt went to untie the horse, and the animal suddenly started back. As he did so Bettencourt was startled by the report of his companion's gun, and he turned just in time to see Rankin pitch from the cart with blood gushing from a ghastly wound in his throat. The sudden movement of the horse had jerked the gun from Rankin's grasp, and as it fell from the cart it exploded, the entire charge of shot striking Rankin in the throat just below the chin. Bettencourt lifted his companion into the cart and drove as fast as the horse could run into Oakland. On the way he asked a passing stranger to telephone the news of the accident to the family of his unfortunate companion, and when he reached Thirtieth street he was met by a brother of the deceased with a physician. An examination, however, showed that Rankin had been instantly killed. The body was removed at once to a local undertaker's parlor and the coroner notified. Rankin was 22 years of age and for some time had been engaged in the plumbing business with his father at 313 San Pablo avenue. Besides his father he leaves his mother and two brothers, James L. and W. Rankin, all of whom reside in this city.

MYSTERY IN BRUTAL BLOW

Frederick Roz Struck Down From Behind and Left Senseless.

A brutal assault took place last night, about 7:30 o'clock, at the corner of Third and Franklin streets, Frederick Roz, a shoemaker, residing at 209 Magnolia street, being felled to the ground by a blow from an unknown assailant, probably a footpad. He was struck from behind and knocked senseless. Roz was crossing the corner of Third and Franklin streets and had hesitated a moment to light a cigarette. It was then that he was struck by a blunt instrument in the hands of an unknown assailant. Roz was dazed by the blow, and for a minute or so lay where he had fallen, unable to do anything to help himself. He rolled over on his right side and managed to get up on his hands and knees, after which, by the aid of the side of the house near which he had fallen, regained his feet. Bleeding profusely from the wound in his head he staggered to the Receiving Hospital, where Stewart M. Boychert dressed his head and left hand, which he cut badly when he fell. Roz was unable to tell anything about his assailant, as he was too dazed to notice much about him, but thinks that the thing was a dark suit of clothes and a black soft hat. When asked why he did not call a policeman, he said that he could think of nothing but getting to some place where he could be attended to, as he was so weak from loss of blood and the effect of the blow. RICHARD SAVAGE DEAD. ALAMEDA, Oct. 22.—Richard Savage, a peasant who has resided here but a short time, died at his home at 2422 Eagle avenue yesterday morning. The deceased was a native of Ireland, and was 34 years old.

HOLD SESSIONS IN FRUITVALE

German Catholic Societies Convene Only Two Days This Year.

Owing to the disturbed conditions in San Francisco this year the seventh annual convention of the German Catholic societies of the State in session at St. Elizabeth's church, Fruitvale, is marked by a greatly reduced attendance from that of previous years. It will be concluded in two days' time instead of three, as has been customary. Yesterday's services were of a religious character, with a confirmation of children in the morning. This morning a solemn mass was said for the souls of the members of the church who died within the year, and the afternoon session, beginning at 2 o'clock, will be devoted to the regular business of the convention. Committees composed of the following are in charge of the affairs: Resolutions, Rev. P. Maximilian Newman, Martin Guehr, C. P. Gould, F. B. Schoenheit, Alois Schirle; new business, H. E. Budd, August Scher, B. Linneweber, R. Hohreicht, finances, Robert Frode, Julius Wiedel, Jacob Mager, J. Dowdler; constitution, B. Dreyer, F. W. Seidel, Jacob Frank, Albert Miller, F. W. Stromberg.

The following delegates are in attendance: St. Peter's C. Verein, San Francisco, delegates—Charles P. Conrad, Barn Dreyer, Ad Schimmel, Jakob Frank, Hermann Burhans, Henry P. Budd; alternates, B. Meyer, P. Schiefer. St. Paulus U. Verein, San Francisco, delegates—Joseph W. Becker, John W. Lages, I. W. Gartner, Marcus Schwab, Julius Wiedel; alternates, F. L. Gunz, F. A. Dullman. St. Joseph's U. Verein, San Francisco, delegates—Robert Trost, Joseph W. Seidel, Theo. Hartmann; alternates, August Scher, Louis Schoenheit. Catholic Knights of America, branch 197, San Francisco, delegates—Joseph Dodecker, B. Linneweber; alternate, Joseph Seider. SERVICES AT THE CHURCHES

League of Cross Cadets Renew Pledges of Abstinence at St. Mary's.

Solemn services last evening marked the renewal of pledges of abstinence from use of intoxicants by the League of the Cross Cadets. The ceremony being held at St. Mary's Church of the Immaculate Conception, Eighth and Jefferson streets. One hundred and forty members of the organization attended the services, the uniforms of the cadets lending a dash of color to the occasion. The Rev. Philip O'Ryan, state chaplain of the organization, conducted the services, being assisted by the Rev. Edward Dempsey, pastor of the church, and the Rev. Robert Sesson, his assistant. FIRST METHODIST. The Rev. E. R. Dille, pastor of the First Methodist church, last night delivered the third of a series of lectures in a Young Man's Life. The subject of Dr. Dille's lecture was "Choosing a Vocation."

FIRST CONGREGATIONAL. The subject of Rev. Charles R. Brown's sermon at the First Congregational church last evening was "Approaching and Receiving Communion." FIRST BAPTIST. The Rev. H. J. Vosburgh, pastor of the First Baptist church, gave the third of a series of lectures on "Stories of the Lives of Great Men," taking as his topic "The Story of the Man Whose Soul Was Kind to Another—a Study in Friendship."

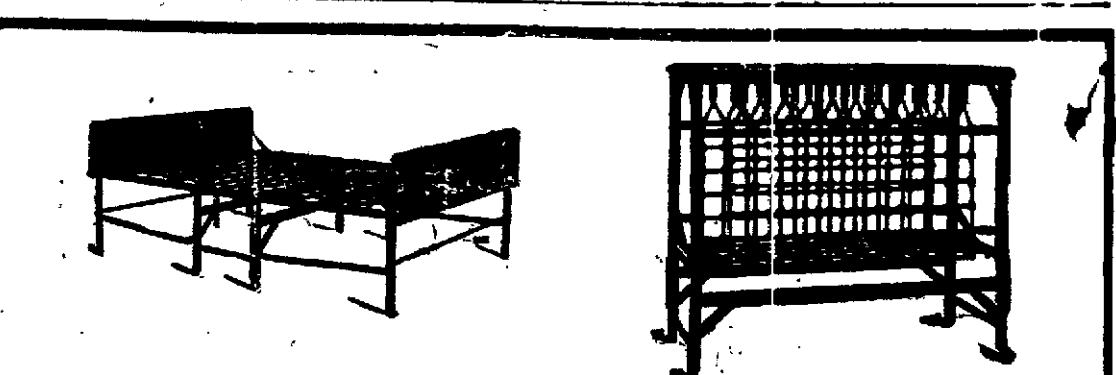

ST. ANDREW'S. The Rev. O. St. John Scott, rector of St. Andrew's Episcopal church, preached yesterday morning from the text, "Some Questions, and in the evening took as his topic, a sermon "Lead Us Not into Temptation." CHURCH OF ADVENT. Bishop William Ford Nichols of the diocese of California confirmed a class of fifteen at the Church of the Advent in East Oakland yesterday morning. Holy Communion was celebrated by the rector, Rev. Jerome F. Trivett, at 8 a. m., the sermon being preached by Bishop Nichols.

EVANGELICAL BAPTIST. The Rev. Adelbert S. Coats, pastor of the Evangelical Baptist church, last evening took as the topic of his sermon last evening the question "Can a Man Lead as Good a Christian Life Outside the Church as He Can Inside?" During his discourse the pastor said: "No other organization furnishes as helpful companionships as does the Christian church. In no other organization can one so surely grow pure as in the Christian church. No other organization furnishes one with so extensive a field for the investment of influence as does the Christian church. For these and similar reasons, Christ loved the church and gave himself up for it; hence if one would follow closely in the footsteps of the Son of Man and the love of God he must enroll himself in the membership of the Christian church."

INJURES SELF IN SAVING AGED PAIR. Rather than run down an aged couple, who were about to board a street car yesterday afternoon, Arthur Book, one of the newly appointed police officers, flung himself from his bicycle and sustained a severe laceration over the left eye and abrasions of both hands. He was treated at the Receiving Hospital, where he was taken to his home at 3788 Piedmont avenue.

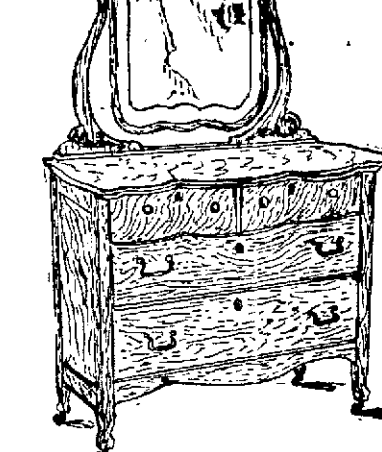

GAS EXPLOSION BURNS SWITCHMAN. By the explosion of a small reservoir of flint gas at an early hour yesterday morning, W. H. Barr, a switchman employed by the Southern Pacific Company, was so seriously burned on the hands and arms that he had to be taken to the Receiving Hospital. Dr. W. H. Irwin attended the man and he was removed to his home at 547 Twentieth street.

A LAZY POET. Laziness does not always confer the long life claimed for it by Dr. Herbert Snow. Of proverbial laziness was Thomas, the poet, dying away the greatest part of his life in his garret at Richmond, listening to nightingales, writing the interminable poems that few now admire and nobody reads. There he could often be seen standing eating the seeds off the trees "with his hands in his pockets." Such an instance of indolence would be hard to beat and should, one would think, have added at least ten years to his life. But Thomas died at forty-eight—London Chronicle.

DEATH CALLS A PIONEER

Isaac Bloch, Owner of Salt Works, Passes Away While Asleep.

Death called Isaac Bloch, a pioneer salt refiner of San Francisco and owner of the Mount Eden Salt works, yesterday morning, while he was sleeping in his room in the Gibson hotel, 53 Clay street. His body was found some time after his death by Miss Edith O'Sullivan, a friend of the deceased, who resides at 521 Nineteenth street, and, knowing that he was stopping at the Gibson, had called to see him. Miss O'Sullivan found the body of Bloch lying on a lounge, and, thinking that he had fainted, summoned Dr. J. H. Todd. When the physician arrived he found that Bloch had been dead for some time and the remains were removed to the morgue. The family of the deceased, whose home was at 302 Pine street, San Francisco, was notified of his sudden death, and his son, F. V. Bloch, claimed the body. The remains will be sent to San Francisco for interment.

DEVIL FIGHTING FOR HER SOUL

Woman Goes Insane From Her Brooding Over Religious Matters.

Constant brooding over religious matters drove Mrs. A. C. Abbott, a Portuguese woman, insane yesterday, and she was taken from her home in Warm Springs to the Receiving Hospital by Constable Vandervoort and locked up in a cell in the insane ward. During the night she became violent and Steward Borchert was called to restrain her to the bed. As he was placing the ether bolt about her waist the woman sank her teeth in the back of his hand and as he snatched it away she tore the cuticle from the member. This morning she made the usual ring with her screams and lamentations in which she imagined that the Holy Ghost and the devil were playing a possession of her soul. She will be examined by a lunacy board tomorrow. The woman's husband will swear to the complaint.

FINGER SEVERED BY ANCHOR OF YACHT

While lowering the anchor of the yacht Idler yesterday, J. E. Taggart, steward of the California Yacht club, had his finger caught in the chain and severed from his hand. Dr. McKee and Tom Kendall, for whom he was lowering the anchor, took him to the Receiving Hospital, where Dr. Koford treated the injury.

INJURED AT BATHS

James B. Grondong, a clerk, living at Thirteenth and Wood streets, cut his forehead while sliding down the chute at the Piedmont bath, where he was treated at the Receiving Hospital by Dr. W. H. Irwin.

Get Well Acquainted With The Mutual Life

It has been in existence sixty-three years. Public confidence and patronage have made it and kept it the largest and staunchest Life Insurance company in the world. It is owned by its policyholders. It protects thousands, but there are many others who should have the same protection. How about you? People who are so thoughtful and kind as to wish to provide for what will happen some other day, when they are taken from those they love and support, should get acquainted with

The Mutual Life Insurance Company

Let them read its history; analyze its statements; examine its investments; consult its agents. They will find a reason for its strength and stability and a reason for their confidence and patronage. The new management of the Mutual Life has been in control for nine months. Its report for the first six months will be mailed to anyone on request, or may be had of its agents. It tells what has been accomplished in conformity with the new Insurance Laws; shows the vast resources, and indicates the unusual advantages yet to reach its policyholders. Its plain figures, given in a plain way, will convince McCabe, of the Methodist Episcopal Church, who recently said: "After long and careful consideration, I am thoroughly satisfied that the present administration of the Mutual Life is a new era in the history of life insurance, and that these institutions, purged as they are, are now in a position to afford the protection of life insurance in better form, and on better terms, than any in the past." It justifies also the good opinion of Mr. James C. McCabe, and his associates, who, having been executive officers and trustees of the Mutual Life, recently stated that the Mutual Life is the best of all life insurance companies in the world, and that its policyholders are the most fortunate of all.
